REPORT OF FOREST WARDEN

The 1944 fire record for our town is:

Number of fires—0

Acreage burned—0

Number of permits issued—6

ANOTHER ENEMY TO CONQUER

Here is a home front fight that everyone can get into. Last year in this State 558 brush and forest fires burned over 4,648 acres of land, of which 2,788 acres were valuable timber and young growth. With available manpower the lowest of any year since the war started, you can help to keep this loss down by preventing these fires from starting.

Keep in mind these simple rules:

1. Always get a permit from your forest fire warden before starting any fires in the open. Burning under certain conditions is permitted.

2. Never burn unless you have enough help to control your fire—a permit does not excuse you of negligence in case it gets away.

3. Always report any uncontrolled fire promptly to your forest fire warden. Minutes lost are acres lost.

4. Be especially careful with cigarettes, matches and pipes. Smokers caused most of our fires.

5. Never leave a fire unless it is dead out. You can't feel safe while there is a spark left.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of the Bath Town School District:

I submit, herewith, my first Annual Report as Superintendent of Schools.

There were two changes in the teaching staff at the beginning of the year.

Mrs. Avis Lemieux, a teacher of long experience, and well and favorably known in Bath, was elected by the School Board, to succeed Mrs. Mary Ashley at the Carbee School.

Mrs. Gertrude Simonds of Lisbon was engaged to teach the school at Pettyboro, replacing Miss Katherine Keniston.

Mr. Martin in his report one year ago, called attention to the need for a piano at Swiftwater and the desirability of installing electric lights in the Pettyboro School. The School Board has provided for both of these much needed improvements.

The enrollment at the Pettyboro School is only 10. It is regrettable but if the enrollment drops any lower the School Board will be faced with the problem of deciding whether it is wise economically or educationally to continue to operate this school.

I think your schools compare favorably with other schools of this type in New Hampshire.

I am deeply indebted to the members of the School Board for their kindness and courtesy to me personally as I have sought to become acquainted with the problems that confront us, and to the teachers, pupils and citizens for their loyalty and cooperation.

Respectfully submitted,

WESLEY H. DOUGLASS.

There was but one change in the teaching staff this year. Reginald B. Nichols of Woodsville, who has done graduate work in Education in Harvard and Boston Universities and has had teaching experience at McIndoes Academy and Lisbon, was elected as Headmaster, to succeed Miss Marion Morse. Miss Rafferty continued as high school assistant, and Miss Palmer and Miss Pushee are serving for the third year. It is very desirable to keep good teachers for a period of years. Too frequent changes are not economical and disrupt the even progress of educational processes.

As suggested by Mr. Martin one year ago, music was added to the program, both in the High and Elementary Schools. Miss Katherine Robb, who has been supervising music in several districts in this Union, was engaged to spend one half-day each week in the Village Schools.

The High School was enlarged and improved to meet the needs of the pupils.

The building was insulated and the windows weather-stripped. This results in a considerable saving in fuel and has added greatly to the comfort of the children.

I wish to call your attention to Article 5 in your warrant. The salaries of your District Officers evidently were fixed some years ago, but in recent years their duties have grown more complex and complicated. Just the matter of withholding tax adds a great deal more work to the book-keeping. As I understand it, the District has appropriated \$70 which was distributed as follows:

Chairmen	\$25.00
2 Board Members \$15 each	30.00
Treasurer	15.00
Moderator	3.00
	<hr/>
	\$73.00

or \$3 more than was raised. The Board has placed in its Budget the sum of \$73, the same as last yer. In view of the situation as stated above, it would be reasonable to raise this item to \$113 to be distributed as follows:

Chirman	\$40.00
2 Board Members	50.00
Treasurer	20.00
Moderator	3.00
	<hr/>
	\$113.00

I would also call your attention to the report of the Headmaster and School nurse which are included with this report.

In closing I wish to express my appreciation to the members of the School Board, to the teachers and pupils, and to the citizens of the District for the loyalty and cooperation during my first year of service.

Respectfully submitted,

WESLEY H. DOUGLASS,

Superintendent of Schools.

Woodsville, N. H.

February 8, 1945.

REPORT OF THE HEADMASTER

To the Superintendent of Schools:

I herewith submit my annual report of Bath High School for the year ending January 31, 1945.

The High School began the year with more pupils than it has enrolled for several years. A freshman class of ten boosted the enrollment to sixteen. However, four left school during the fall for various reasons, and now the enrollment seems settled at twelve. Of these, four are seniors, one is a sophomore, and seven are freshmen. The graduating class this year will be larger than for several years, but as there are no juniors there appears to be no prospect of a graduating class next year. The boys outnumber the girls two to one in the school, which is rather unusual.

The principle activity undertaken outside of the usual school work, so far this year, was a play presented in the Town Hall under the auspices of the senior class. Several parts were filled by members of the freshman class. A very creditable performance was presented before a small audience. The townspeople could encourage the efforts of their young folks more by larger attendance at the programs they present.

The Grade School children presented a Christmas program that entailed a great deal of work in preparation, but the attendance at the program was very small. The efforts of the children were certainly worthy of better support and encouragement.

In these days it is very common to glorify what is big and decry that which is small. Of course, the very small school cannot do some things that large schools can, but, on the other hand, the small school can do some things which large schools cannot. One of the advantages of the small school is that much more individual attention can be given. In some cases this more than compensates probably for other things which cannot be done. Some pupils would have small chance of success in their school work without considerable individual aid.

One of the difficulties facing some of our pupils is the long walk to school. Our farm boys and some girls have to work in the morning, then walk from two to four miles to school, walk home again at night, and then do several hours' work. Since successful work in high school subjects usually calls for study outside of school hours, these pupils are almost beaten before they start as they have very little time for home study, and are too tired for it if they try to study in the evening. It would mean much to these pupils if they could have transportation to and from school. Attendance of some would be greatly aided and encouraged by such provision. This is a matter worthy of serious consideration by the town if they wish to build up the high school.

Respectfully submitted,

REGINALD B. NICHOLS,

Headmaster
